

4.5-9 kW inox immersion heating element

Application: water heaters, buffer tanks, enamelled and stainless steel hot water tanks.
Power lamp: green, red, built-in
Temperature regulation: from $+7,5\pm6^{\circ}\text{C}$ to $+75\pm3^{\circ}\text{C}$.
Hi-Limit thermostat: 98°C .

Heating elements are made of AISI316L material with AISI304 flange, hence they are suitable for glass-lined and stainless steel tanks. The heating element is provided with a 1,7m power cable without plug. They meet the latest quality standard: EN 60335-1.
